

RAJ YADAV

JUNIOR CYBER SECURITY ANALYST

Pune, Maharashtra | +91 7745002647 | rajyadav968940@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Junior Cyber Security Analyst with hands-on experience in Vulnerability Assessment and Penetration Testing (VAPT) and Web Application Security. Skilled in identifying and validating vulnerabilities using Burp Suite Pro, Nmap, Nessus, Wireshark, Metasploit Framework, and SQLmap. Familiar with OWASP Top 10, CVSS-based risk rating, PoC development, vulnerability reporting, and remediation.

EXPERIENCE

Cybersecurity Analyst Intern

Cyber Xshield Protection PVT. LTD. | May 2026 – Present

- Performed VAPT on web applications and network infrastructure using Burp Suite Pro, Nmap, Nessus, and Metasploit Framework.
 - Conducted reconnaissance, port scanning, service enumeration, vulnerability validation, and security testing.
 - Performed web application security assessments aligned with OWASP Top 10 and validated vulnerabilities.
 - Prepared technical vulnerability reports including PoC, CVSS-based severity, impact, and remediation recommendations.
-

PROJECT

Web Application VAPT Assessment

- Conducted an authorized security assessment of a deliberately vulnerable web application using Burp Suite Pro and Kali Linux.
 - Performed manual OWASP Top 10 testing by intercepting, analysing, and modifying HTTP requests and responses.
 - Identified and validated vulnerabilities including XSS, CSRF, CORS misconfiguration, Clickjacking, Path Traversal, HTML Injection, and Parameter Tampering.
 - Created PoCs and documented vulnerability impact, severity, evidence, and remediation.
-

TECHNICAL SKILLS

VAPT: Vulnerability Assessment & Penetration Testing, Web Application Security, Network Security Testing, OWASP Top 10, CVSS

Tools: Burp Suite Pro, Nmap, Nessus, Wireshark, Metasploit Framework, SQLmap

OS: Kali Linux, Linux

Reporting: PoC Development, Vulnerability Documentation, Risk Rating, Remediation Recommendations

EDUCATION

Bachelor of Computer Science

Shivaji University, Kolhapur | May 2023 – May 2026

CERTIFICATION: Certified Ethical Hacker (CEH v13)
